

Cat's Behavior History

Please answer the following questions to the best of your ability as it relates to your cat(s) and his/her behavior issue.

General Information

Client's name: _____ Name of pet: _____
Address: _____ Breed: _____
_____ Date of birth: _____
Home phone: _____ Age: _____
Work phone: _____ Sex: ____ Neutered/Spayed? ____

Behavior Problem

What is your main behavior problem or complaint?

When did this problem start?

Do you recall anything specific at the onset of the behavior problem?
(i.e. moving, birth of a child, houseguests, construction, parties, etc.)

How frequently does the problem (or problems) occur?

Has the problem changed in frequency or intensity?

Elimination Behavior

How many times a day does your cat defecate? Describe the stools (size of fecal balls, amount, firm, soft, formed, runny, etc.).

How many litter boxes do you have?

Describe your cat's litterbox and the number of litterboxes in the facility.

Where do they eliminate that is NOT in their litterbox?

Elimination Behavior (cont.)

Where are the litter boxes?

Does your cat dig in the litter before eliminating?

Does your cat cover urine and feces in the litter box?

Home Environment/Social Behavior

List all family members including people, cats and dogs, as well as any other non-caged animal in the home.

Home Diagram

Please provide a diagram of your house. A basic floor plan using simple boxes is sufficient. Please be sure to include the following: location of litter boxes, food, water, cat condos, access to windows, doorway thresholds between rooms, rooms that cat is not allowed access to and any soiled areas if you are filling this out for elimination issues.
